

VERSACAN
INDUSTRIAL SERVICE AND SUPPLY

VERSACAN INDUSTRIAL SERVICE AND SUPPLY INC.

is locally incorporated and duly certified by Security and Exchange Commission with Company Registration No. CS20153385.

We are the only company in the Philippines that directly operates with Q.I. Group of Companies, a Canadian company that operates mainly in Canada, North America, the Caribbean, Madagascar and Thailand. We specialize in installation and repairs of scaffolding, refractory, acid brick lining, rubber lining, conveyor belt splicing & inspections. We supply top quality industrial goods to the Mining, Petroleum, Power Generation and Food/Beverage Industries. Our materials always adhere to our client's specification. Either it's standard or customized.

Our overall team comprises of highly experienced professional managers, engineers and technicians who have successfully handled construction projects in different plant sites around the world. Our local workforce is a team of experts in installation, operation and maintenance of our industrial goods dedicated to meet and satisfy the needs of the local clientele.

We look forward to collaborating with your Company who believes to attain goals through combined professionalism and excellence.

QI Group of Companies

The Q.I. Group of Companies is a Canadian owned and operated business that focuses on providing industrial clients with Quality MRO products and Plant Services. The Q.I. Group is comprised of 6 different businesses:

Versacan Industrial Service and Supply is located In Cebu, Philippines.

Canthai Industrial Service and Supply is located in the industrial area of Rayong, Thailand.

Q.I. Supply Ltd. is based in Edmonton, and provides quality Industrial Products to local and overseas clients.

PEX Industrial is the North American sales and marketing representative for PEXGOL durable piping systems.

Madacan SARLU is a Madagascar based sales and service company located in Tamatave.

Madacan Africa Industrial Supply (Pty) Ltd. is located in Johannesburg and Cape Town, South Africa.

Canthai Industrial Service and Supply

Canthai ISS is a joint venture company located in the city of Rayong in Thailand. The company was established to supply top quality Industrial goods to the Mining, Petroleum, Power Generation and Food/Beverage Industries in Thailand.

Q.I. Supply Ltd

Q.I. Supply Ltd. is based in Edmonton, Canada but has a global presence. We have supplied products to Canada, USA, Caribbean and Africa. We speak English, French and Spanish and respond to all Inquiries 7 days a week. We are a customer focused business. We pride ourselves in fast response time to inquiries and offer quick quotations. We are experienced exporters and can coordinate shipments by ground, sea or air. Our sales team has an average 25+ years of industrial experience and we look forward to discussing your unique plant process requirements. At Q.I. Supply we provide "Creative Industrial Solutions".

Products:

- PEXGOL Durable Piping System
- DANEX Dual Expanding Plug Valves
- Industrial Piping Valves and Fittings
- Gasket, Expansion Joints and Fasteners
- Instrumentation Control Valves and Pumps

PEX Industrial Piping Solutions

PEX Industrial Piping Solutions is the exclusive North American marketing company for PEXGOL Durable Piping Systems. PEXGOL is a unique Cross Linked PE pipe material that is suitable for industrial applications from -50 to +110 C and pressure up to 450 PSI. PEXGOL also has an exceptional chemical abrasion resistance and is more preferred piping material when compared to Carbon Steel, Stainless Steel, Duplex, Rubber Lined and FRP piping.

MADACAN

Madacan is a locally registered Malagasy company located in the major port city of Tamatave. Incorporated in 2009, the company was established to supply top quality industrial goods to the Mining, Petroleum, Power Generation and Food/Beverage Industries in Madagascar. The Madacan sales and service group has an extensive background in supplying Valves, Gaskets, Seals, Expansion Joints, Pipe, Pipe Fittings, Instrumentation Products, Rubber Linings, Belt Splicing and Refractory Work. We have a well trained, locally hired workforce, experienced Filipinos, Canadians and South Africans who are able to provide immediate expertise for your industrial requirements. We can provide off the shelf solutions 7 days a week, 24 hours a day. Our current total workforce is about 150 employees.

MADACAN AFRICA

Madacan Africa Industrial Supply (Pty) Ltd. is dedicated to supplying first in class industrial electrical and mechanical products from innovative manufacturers you know and trust. We provide exceptional support for Southern Africa and the Indian Ocean. We provide exceptional support for Southern Africa and the Indian Ocean. We are focussed on Commercial/Industrial Markets including Petrochemical, Oil & Gas, OEM, Energy, Aggregate and Mining.

INDUSTRIAL PLANT SERVICES

Refractory Work:

- Inspection and repairs of boiler, acid vessels, furnaces, lime and cement kilns, ball mills, chimney stacks, pulp and papermill storage tanks, etc
- Brick setting
- Floor tiling
- Ceramic and fiber glass lining
- Insulation work
- Incinerators

Gaskets

- Custom made gaskets in all available sheet materials
- Spiral wound gasket manufacturing in all materials
- Gasket surveys of OEM parts

Bolts/Studs/Nuts

- Stud bolts made to size from metric and imperial threaded rod

Rubber lining

- Hot cured rubber lining of pipe, valves and fittings. 60" diameter autoclave located in Tamatave
- Site rubber lining of vessels, tanks and equipment
- Rubber lining repairs

Abrasive Blasting

- Purpose built abrasive blasting tent
- Mobile site blasting available

Mechanical seals

- Seal repairs to all make and models

Priming and Painting

- Purpose built painting facility for pipe and fittings
- Site painting and priming services

Conveyor Belts and Components

- Hot vulcanized splicing
- Mechanical splicing
- Belt and conveyor Inspections
- Repairs to conveying equipment
- Mobile service

Valves

- On site valve surveys
- On site training

Expansion Joints

- Expansion joint repairs
- Expansion joint surveys

Scaffolding

- Scaffolding design calculation, erection and dismantling in compliance with the European, North American and South African standards
- Scaffolding Inspection

Product Sourcing

- We have sourcing specialists in North America, Europe and Africa available to locate OEM and non-standard parts

Plant Services

We provide labor, tradesmen technicians supervisors and engineers for plant shutdown and outages.

Conveyor Belt Splicing & Inspections

Splicing and repairs to all types of rubber belts. Detailed conveying equipment inspection services.

Rubber Lining Installation & Repair

Rubber lining and repair of tanks piping and vessels using only RubberSource quality rubber products.

Acid Brick Lining

We provide installation replacement and repair of brick in pressure vessels and autoclaves.

Scaffolding

Complete scaffold services using the best quality materials and experienced scaffold labor and supervision.

Refractory Services

We provide installation, replacement and repair of refractory linings in kilns, boilers, furnaces and incinerators.

Gaskets

- Non-metallic, spiral wound, sheet gaskets
- Custom made, non standard
- Expanded PTFE sealant

Bolts/Studs/Nuts

- Grade 87, B8M,
- Xylon coated
- Metric and Imperial

Expansion Joints

- Rubber spool joints
- Metallic bellows and flue duct
- Non-metallic fabric joints
- Metal hose

Pipe and Fittings

- Carbon steel
- Stainless steel
- Special Alloys and Titanium

Conveyor Belts and components

- Conveyor belts
- Splice kits
- Pulleys, idlers and skirting

Valves

- All types of industrial valves
- Slurry and chemical service
- Low and high pressure
- Exotic materials

Mechanical Seals

- John Crane Shafts Seals for pumps, agitators and mixers
- Packing for pumps and valves
- Couplings

Rubber Source

- Natural rubber
- Butyl rubber: Chlorobutyl, Bromobutyl
- New rubber technology
- Adhesives and abrasion materials

Expansion Joints

Expansion joints for all industrial plant applications. Fabric type, metal bellows and rubber for applications up to 1100 C.

Industrial Gaskets

Gaskets for all industrial plant applications. Standard and custom Spiral Wound cut gaskets, sheet and sealants.

Industrial Fasteners

Stud bolts and nuts in most standard materials including B7, B8, Alloys and Xylan coated. Custom sizes made to order.

PexGol Durable Piping

Non-metallic corrosion resistant piping that is a direct replacement for CS, Alloy, HDPE and FRP. Rated from -50 to +110 C.

Industrial Valves/Instrumentation

Contact us for innovative valve solutions. We can supply gate valves, globe valves, check valves, ball valves and special valves for high pressure, temperatures and slurries.

Plant Maintenance Materials

New Scaffolding, Refractory brick and mortar, Acid brick and mortar, Rubber lining and Adhesive, Conveyor belts and components
